ABOUT ME

Final-year B.E. student in Electronics & Telecommunication with strong expertise in programming (Python, C++, SQL), software tools, and practical experience in IoT and computer vision projects. Skilled in designing, developing, and deploying real-time solutions, with hands-on experience in Raspberry Pi, OpenCV, and automation systems. Adapt at problem-solving, system analysis, and collaborating in multidisciplinary teams. Passionate about leveraging technology and eager to contribute to innovative software and technology projects.

SKILLS

Programming Languages: Python, C++, SQL, HTML, CSS

ML Libraries: OpenCV, Pandas, NumPy

Tools: VS Code, Packet Tracer, Jupyter Notebook

EDUCATION

Degree / Qualification	Institute / University	Year	CGPA / Percentage
B.E. in Electronics & Telecommunication	Marathwada Mitra Mandal's College of Engineering	2023-2026 (Pursuing)	7.76 CGPA
Diploma in Computer Engineering	TSSM's BSCOER Poly, Pune	2020-2023	83%
10th	R.S.M Girls High School, Pune	2020	86%

CERTIFICATIONS

CCNA(MODULE1): Cisco Certified Network Associate – Cisco, Completed: 31 jan 2025, [Verification Link..↗](#)

CCNA(MODULE2): Cisco Certified Network Associate – Cisco, Completed: 8 apr 2025, [Verification Link..↗](#)

Cyber threat management: Cisco Certified Network Associate – Cisco, Completed: 8 apr 2025, [Verification Link..↗](#)

PROJECTS

Enhanced ATM Security using Computer Vision –
Developed a Raspberry Pi-based system using Python and OpenCV for real-time face/attack detection, TTS alerts, and live monitoring.

EXTRACARRICULAR ACTIVITIES

- Hands on Experience in MS Excel, MS Power Point, MS word, Canva
- Member of GDG(GOOGLE DEVELOPERS GROUP) club.
- I was an NCC cadet. completed my a-cert exam, with strong sense of discipline and leadership. Participated in various social services activities.
- **Languages:** English, Marathi, Hindi.
